AND ACCREDITATION OF INNOVATIVE COMPANIES**

INDEX

Article 1 - Aims.....	3
Article 2 - Subject.....	3
Article 3 - Definition of “University of Insubria start up” company .....	3

**Article 1 - Aims**

1. The University of Insubria (the University) favors the promotion of the results of research and of the know-how developed within it, also by supporting the establishment of start up companies, following current provisions and the present regulations.

**Article 2 - Subject**

1. These regulations discipline the procedure of accreditation of the “University of Insubria start up” company (the Company) status and the University’s participation in the same.

**Article 3 - Definition of “University of Insubria start up” company**

1. A “University of Insubria start up” company may be established as a limited liability company only.
2. The company will have to reflect the “innovative start up” connotation described in the provisions of article 25 and following amendments and additions of the Law no. 221 of 17 December 2012
3. The Company’s activity must be based on the results of the research and/or know-how obtained and developed at least in part within the University.
4. Among the members there must be at least one employee and/or collaborator of the University from the following categories:
  - a. professors and researchers;
  - b. technical-administrative personnel;
  - c. research fellows;
  - d. PhD students;
  - e. students.
